

RESOLUTION

WHEREAS, The City of Chicago initiated the process of selecting a vendor for the implementation of an Enterprise Resource Planning (ERP) technology system more than 18 months ago; and

WHEREAS, ERP technology systems are designed to integrate and streamline a wide range of business processes, including financial management, human resources, procurement, and more, in order to enhance operational efficiency and reducing costs; and

WHEREAS, Despite the selection of a qualified vendor, the City has yet to finalize an agreement to commence the implementation of the ERP system, resulting in delays that hinder the realization of anticipated cost savings and operational improvements; now, therefore

BE IT RESOLVED, That we, the Mayor and Members of the City Council of the City of Chicago, do hereby call upon the Committee of Economic, Capital, and Technology Development to convene a subject matter hearing regarding the progress of the implementation of the ERP technology system; and

BE IT FURTHER RESOLVED, That the Chief Information Officer, the Chief Procurement Officer, and the Corporation Counsel shall be invited to appear before the Committee to provide testimony.

A handwritten signature in black ink, appearing to read 'Gilbert Villegas', with a stylized flourish at the end.
