☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. 9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").
10. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.
9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").
10. E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

The Federal Reserve is authorized to establish reserve requirements for certain types of deposits and other liabilities of depository institutions. Effective March 26, 2020, the reserve requirement ratios were reduced to zero. At December 31, 2023, the balance outstanding at the Federal Reserve Bank was \$43.3 billion. This amount is included in Interest-earning deposits with banks on our Consolidated Balance Sheet.

FDIC Special Assessment

In November 2023, the FDIC finalized a rule to implement a special assessment, in connection with the systemic risk determination announced in March 2023, to recover the cost associated with protecting uninsured depositors following the closures of Silicon Valley Bank and Signature Bank. Under the rule, the FDIC will collect from PNC, along with other BHCs and insured depository institutions, special assessments at an annual rate of approximately 13.4 basis points of an institution's uninsured deposits reported as of December 31, 2022 (adjusted to exclude the first \$5 billion), over eight quarterly assessment periods, beginning after the first quarter of 2024. Because the losses to the Deposit Insurance Fund from the systemic risk exception are estimated, the FDIC will periodically adjust the estimate, which could result in extending the special assessment for additional quarters, imposing a final special assessment on a one-time basis if actual losses exceed the amounts collected, or cease collection early if the FDIC has collected enough to recover actual losses. Based on the rule, PNC incurred expense of \$515 million pre-tax, or \$407 million after-tax, during the fourth quarter of 2023, representing the total estimated cost of the assessment.

NOTE 20 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 20). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2023, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information

of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa[®], Mastercard[®], and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank, which, in turn, was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720- MKB-JO).

In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express, Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," i.e., requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeal's decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

The district court granted final approval of the settlement in December 2019. Several objectors appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. In March 2023, the court of appeals affirmed the district court's approval in all material respects. Later in March, certain objectors petitioned for rehearing in the court of appeals by either the panel that decided the appeal or the court en banc. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation

described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. In January 2024, Visa's stockholders approved amendments to its Certificate of Incorporation to institute a conversion and exchange offer program that will result in the conversion of Visa's Class B common stock to Class B-1 common stock and permit Visa to release transfer restrictions on a portion of the redenominated Class B common stock. In the initial potential exchange offer, a holder of Class B-1 common stock will have the ability to exchange some or all of its Class B-1 common stock for one-half of newly issued shares of Class B-2 common stock and one-half of newly issued shares of Class C common stock. Subject to certain restrictions, the Class C shares could then be sold on the open market, at which point they would be automatically converted into Visa's Class A common stock at the then-applicable conversion rate. Additional such exchanges taking place no less than one year apart may occur that permit a holder of Visa's redenominated Class B common stock to exchange up to half of its then held redenominated Class B common stock into Visa's Class C common stock. The exchanges are subject to the applicable stockholder agreeing to make-whole agreements that subject them to the same indemnity obligations to Visa as are currently present.

We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

USAA Patent Infringement Litigation

In September 2020, USAA filed a lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:20-cv-319)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "first Texas case"). USAA amended its complaint in December 2020. As amended, the complaint alleges that PNC's mobile remote deposit capture systems infringe four patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. PNC, in its answer, alleged that USAA infringed four of PNC's patents and that PNC seeks, among other things, a judgment that USAA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In March 2022, the court severed PNC's infringement allegations from the first Texas case and in June 2022 opened a new case (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:22-cv-193) (the "fourth Texas case")).

In December 2020, we filed a lawsuit (*PNC Bank, NA v. United Services Automobile Association* (Case No. 2:20-cv-1886)) in the United States District Court for the Western District of Pennsylvania against USAA seeking declaratory judgment of non-infringement as to two of the patents at issue in the first Texas case and awarding PNC its fees and costs. In June 2021, the court stayed and administratively closed this case pending the court in the first Texas case ruling that the case should be transferred to the Western District of Pennsylvania. In September 2021, the court in the first Texas case denied PNC's motion to transfer the case to the Western District of Pennsylvania.

In March 2021, USAA filed a second lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-110)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "second Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems infringe an additional two patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. The first Texas case and the second Texas case were consolidated (together, the "first consolidated cases"). At trial, in May 2022, only four of the original six USAA patents raised in its complaints were asserted against PNC, including U.S. Patent No. 8,977,571 ('571). Following the jury trial in the first consolidated cases, the jury found against PNC for willful infringement of at least one of USAA's asserted patent claims and awarded approximately \$218 million. Subsequently, PNC filed post-trial motions for judgment as a matter of law and for a new trial, all of which the court denied. In April 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1778)) regarding the final judgment entered against PNC. Briefing for Case No. 23-1778 is now complete, and the parties are waiting for the appeal to be calendared.

In July 2021, USAA filed a third lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-246)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "third Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems, including its new versions, infringe three additional patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. In June 2022, the court consolidated the fourth Texas case into the third Texas case (together, "the second consolidated cases"). At trial in September 2022, only two of the original three USAA patents were asserted against PNC, including U.S. Patent No. 10,769,598 ('598), and only two of the original four PNC patents were asserted against USAA. Following

the jury trial in the second consolidated cases, the jury found against PNC for infringement of at least one of the two asserted patents and awarded \$4.3 million, and determined that PNC did not willfully infringe the patents. The jury further found that USAA did not infringe any of PNC's asserted patents. Subsequently, USAA filed a motion for a new trial on damages, and, in April 2023, the court denied USAA's motion. In March 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment entered against PNC and in April 2023, USAA noticed a cross-appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment. These appeals were consolidated as *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1639). Briefing for Case No. 23-1639 is now complete and the parties are waiting on the appeal to be calendared.

In August 2021, USAA filed a lawsuit (*United Services Automobile Association v. BBVA USA* (Case No. 2:21-cv-311)) in the United States District Court for the Eastern District of Texas against BBVA USA for patent infringement (the "BBVA USA Texas case"). The complaint alleges that BBVA USA's remote deposit capture systems infringe the same six USAA patents at issue in the first consolidated cases. USAA seeks, among other things, a judgment that BBVA USA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In October 2021, BBVA USA was merged into PNC Bank. In June 2022, the court entered a stipulation proposed by the parties, stayed all deadlines, and administratively closed the matter.

In January 2022, the Patent Trial and Appeal Board granted institution of inter partes review ("IPR") with respect to petitions filed by PNC for three of the six patents then at issue in the first consolidated cases and in the BBVA USA Texas case. Because of USAA's case narrowing in the first consolidated cases, only one of these three patents being reviewed (U.S. Patent No. '571) was presented to the jury in the first consolidated cases. In January 2023, with respect to the three patents in which an IPR was instituted, the Patent Trial and Appeal Board entered its Final Written Decisions and found all of the challenged claims were unpatentable. With respect to U.S. Patent No. '571, in June 2023, USAA noticed an appeal to the U.S. Court of Appeals for the Federal Circuit challenging the Patent Trial and Appeal Board's Final Written Decision, which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2125). USAA, in May and June 2023, also appealed the Final Written Decisions invalidating the claims of the patents not presented to the jury which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 2023-2124) and *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1920). Two of these appeals (Case Nos. 23-2124 and 23-2125) were consolidated. Briefing for Case No. 23-1920 is now complete and the parties are waiting on the appeal to be calendared.

In May and June 2022, the Patent Trial and Appeal Board granted institution of IPR with respect to petitions filed by PNC for two of the three patents then at issue in the third Texas case. Because of USAA's case narrowing in the third Texas case, only one of these two patents being reviewed (U.S. Patent No. '598) was presented to the jury in the third Texas case. With respect to U.S. Patent No. '598, in May 2023, the Patent Trial and Appeal Board entered its Final Written Decision holding most of the claims of this patent unpatentable and other claims were patentable. Both parties, in July 2023, appealed the Final Written Decision, with USAA appealing first (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2171) and PNC being the cross-appellant (*PNC Bank N.A. v. United Services Automobile Association* (Case No. 23-2172)). These appeals were consolidated. With respect to the other patent (which was not presented to the jury), the Patent Trial and Appeal Board entered its Final Written Decision in June 2023 and held all of the claims unpatentable. USAA, in August 2023, appealed from this decision which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2244).

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries have involved and may in the future involve or lead to regulatory enforcement actions and other administrative proceedings. These inquiries have also led to and may in the future lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences. Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

meet initial margin requirements, and we pledged cash and debt securities (primarily agency mortgage-backed securities) totaling \$2.5 billion under these agreements to collateralize net derivative liabilities owed to counterparties and to meet initial margin requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities pledged to us by counterparties are not recognized on our balance sheet. Likewise, securities we have pledged to counterparties remain on our balance sheet.

Credit-Risk Contingent Features

Certain derivative agreements contain various credit-risk-related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The following table presents the aggregate fair value of derivative instruments with credit-risk-related contingent features, the associated collateral posted in the normal course of business and the maximum amount of collateral we would be required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2024 and December 31, 2023.

Table 78: Credit-Risk Contingent Features

In billions	June 30, 2024	December 31, 2023
Net derivative liabilities with credit-risk contingent features	\$ 4.8	\$ 4.2
Less: Collateral posted	1.3	1.0
Maximum additional amount of collateral exposure	\$ 3.5	\$ 3.2

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 13 as well as those matters disclosed in Note 20 Legal Proceedings in our 2023 Form 10-K (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2024, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 20 Legal Proceedings in our 2023 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

The Federal Reserve is authorized to establish reserve requirements for certain types of deposits and other liabilities of depository institutions. Effective March 26, 2020, the reserve requirement ratios were reduced to zero. At December 31, 2023, the balance outstanding at the Federal Reserve Bank was \$43.3 billion. This amount is included in Interest-earning deposits with banks on our Consolidated Balance Sheet.

FDIC Special Assessment

In November 2023, the FDIC finalized a rule to implement a special assessment, in connection with the systemic risk determination announced in March 2023, to recover the cost associated with protecting uninsured depositors following the closures of Silicon Valley Bank and Signature Bank. Under the rule, the FDIC will collect from PNC, along with other BHCs and insured depository institutions, special assessments at an annual rate of approximately 13.4 basis points of an institution's uninsured deposits reported as of December 31, 2022 (adjusted to exclude the first \$5 billion), over eight quarterly assessment periods, beginning after the first quarter of 2024. Because the losses to the Deposit Insurance Fund from the systemic risk exception are estimated, the FDIC will periodically adjust the estimate, which could result in extending the special assessment for additional quarters, imposing a final special assessment on a one-time basis if actual losses exceed the amounts collected, or cease collection early if the FDIC has collected enough to recover actual losses. Based on the rule, PNC incurred expense of \$515 million pre-tax, or \$407 million after-tax, during the fourth quarter of 2023, representing the total estimated cost of the assessment.

NOTE 20 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 20). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2023, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information

of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa®, Mastercard®, and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank, which, in turn, was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720- MKB-JO).

In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express, Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," *i.e.*, requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeal's decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

The district court granted final approval of the settlement in December 2019. Several objectors appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. In March 2023, the court of appeals affirmed the district court's approval in all material respects. Later in March, certain objectors petitioned for rehearing in the court of appeals by either the panel that decided the appeal or the court en banc. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation

described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. In January 2024, Visa's stockholders approved amendments to its Certificate of Incorporation to institute a conversion and exchange offer program that will result in the conversion of Visa's Class B common stock to Class B-1 common stock and permit Visa to release transfer restrictions on a portion of the redenominated Class B common stock. In the initial potential exchange offer, a holder of Class B-1 common stock will have the ability to exchange some or all of its Class B-1 common stock for one-half of newly issued shares of Class B-2 common stock and one-half of newly issued shares of Class C common stock. Subject to certain restrictions, the Class C shares could then be sold on the open market, at which point they would be automatically converted into Visa's Class A common stock at the then-applicable conversion rate. Additional such exchanges taking place no less than one year apart may occur that permit a holder of Visa's redenominated Class B common stock to exchange up to half of its then held redenominated Class B common stock into Visa's Class C common stock. The exchanges are subject to the applicable stockholder agreeing to make-whole agreements that subject them to the same indemnity obligations to Visa as are currently present.

We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

USAA Patent Infringement Litigation

In September 2020, USAA filed a lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:20-cv-319)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "first Texas case"). USAA amended its complaint in December 2020. As amended, the complaint alleges that PNC's mobile remote deposit capture systems infringe four patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. PNC, in its answer, alleged that USAA infringed four of PNC's patents and that PNC seeks, among other things, a judgment that USAA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In March 2022, the court severed PNC's infringement allegations from the first Texas case and in June 2022 opened a new case (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:22-cv-193) (the "fourth Texas case")).

In December 2020, we filed a lawsuit (*PNC Bank, NA v. United Services Automobile Association* (Case No. 2:20-cv-1886) in the United States District Court for the Western District of Pennsylvania against USAA seeking declaratory judgment of non-infringement as to two of the patents at issue in the first Texas case and awarding PNC its fees and costs. In June 2021, the court stayed and administratively closed this case pending the court in the first Texas case ruling that the case should be transferred to the Western District of Pennsylvania. In September 2021, the court in the first Texas case denied PNC's motion to transfer the case to the Western District of Pennsylvania.

In March 2021, USAA filed a second lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-110)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "second Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems infringe an additional two patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. The first Texas case and the second Texas case were consolidated (together, the "first consolidated cases"). At trial, in May 2022, only four of the original six USAA patents raised in its complaints were asserted against PNC, including U.S. Patent No. 8,977,571 ('571). Following the jury trial in the first consolidated cases, the jury found against PNC for willful infringement of at least one of USAA's asserted patent claims and awarded approximately \$218 million. Subsequently, PNC filed post-trial motions for judgment as a matter of law and for a new trial, all of which the court denied. In April 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1778)) regarding the final judgment entered against PNC. Briefing for Case No. 23-1778 is now complete, and the parties are waiting for the appeal to be calendared.

In July 2021, USAA filed a third lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-246)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "third Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems, including its new versions, infringe three additional patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. In June 2022, the court consolidated the fourth Texas case into the third Texas case (together, "the second consolidated cases"). At trial in September 2022, only two of the original three USAA patents were asserted against PNC, including U.S. Patent No. 10,769,598 ('598), and only two of the original four PNC patents were asserted against USAA. Following

the jury trial in the second consolidated cases, the jury found against PNC for infringement of at least one of the two asserted patents and awarded \$4.3 million, and determined that PNC did not willfully infringe the patents. The jury further found that USAA did not infringe any of PNC's asserted patents. Subsequently, USAA filed a motion for a new trial on damages, and, in April 2023, the court denied USAA's motion. In March 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment entered against PNC and in April 2023, USAA noticed a cross-appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment. These appeals were consolidated as *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1639). Briefing for Case No. 23-1639 is now complete and the parties are waiting on the appeal to be calendared.

In August 2021, USAA filed a lawsuit (*United Services Automobile Association v. BBVA USA* (Case No. 2:21-cv-311)) in the United States District Court for the Eastern District of Texas against BBVA USA for patent infringement (the "BBVA USA Texas case"). The complaint alleges that BBVA USA's remote deposit capture systems infringe the same six USAA patents at issue in the first consolidated cases. USAA seeks, among other things, a judgment that BBVA USA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In October 2021, BBVA USA was merged into PNC Bank. In June 2022, the court entered a stipulation proposed by the parties, stayed all deadlines, and administratively closed the matter.

In January 2022, the Patent Trial and Appeal Board granted institution of inter partes review ("IPR") with respect to petitions filed by PNC for three of the six patents then at issue in the first consolidated cases and in the BBVA USA Texas case. Because of USAA's case narrowing in the first consolidated cases, only one of these three patents being reviewed (U.S. Patent No. '571) was presented to the jury in the first consolidated cases. In January 2023, with respect to the three patents in which an IPR was instituted, the Patent Trial and Appeal Board entered its Final Written Decisions and found all of the challenged claims were unpatentable. With respect to U.S. Patent No. '571, in June 2023, USAA noticed an appeal to the U.S. Court of Appeals for the Federal Circuit challenging the Patent Trial and Appeal Board's Final Written Decision, which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2125). USAA, in May and June 2023, also appealed the Final Written Decisions invalidating the claims of the patents not presented to the jury which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 2023-2124) and *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1920). Two of these appeals (Case Nos. 23-2124 and 23-2125) were consolidated. Briefing for Case No. 23-1920 is now complete and the parties are waiting on the appeal to be calendared.

In May and June 2022, the Patent Trial and Appeal Board granted institution of IPR with respect to petitions filed by PNC for two of the three patents then at issue in the third Texas case. Because of USAA's case narrowing in the third Texas case, only one of these two patents being reviewed (U.S. Patent No. '598) was presented to the jury in the third Texas case. With respect to U.S. Patent No. '598, in May 2023, the Patent Trial and Appeal Board entered its Final Written Decision holding most of the claims of this patent unpatentable and other claims were patentable. Both parties, in July 2023, appealed the Final Written Decision, with USAA appealing first (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2171) and PNC being the cross-appellant (*PNC Bank N.A. v. United Services Automobile Association* (Case No. 23-2172)). These appeals were consolidated. With respect to the other patent (which was not presented to the jury), the Patent Trial and Appeal Board entered its Final Written Decision in June 2023 and held all of the claims unpatentable. USAA, in August 2023, appealed from this decision which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2244).

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries have involved and may in the future involve or lead to regulatory enforcement actions and other administrative proceedings. These inquiries have also led to and may in the future lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences. Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

meet initial margin requirements, and we pledged cash and debt securities (primarily agency mortgage-backed securities) totaling \$2.5 billion under these agreements to collateralize net derivative liabilities owed to counterparties and to meet initial margin requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities pledged to us by counterparties are not recognized on our balance sheet. Likewise, securities we have pledged to counterparties remain on our balance sheet.

Credit-Risk Contingent Features

Certain derivative agreements contain various credit-risk-related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The following table presents the aggregate fair value of derivative instruments with credit-risk-related contingent features, the associated collateral posted in the normal course of business and the maximum amount of collateral we would be required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2024 and December 31, 2023.

Table 78: Credit-Risk Contingent Features

In billions	June 30, 2024	December 31, 2023
Net derivative liabilities with credit-risk contingent features	\$ 4.8	\$ 4.2
Less: Collateral posted	1.3	1.0
Maximum additional amount of collateral exposure	\$ 3.5	\$ 3.2

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 13 as well as those matters disclosed in Note 20 Legal Proceedings in our 2023 Form 10-K (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2024, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 20 Legal Proceedings in our 2023 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

In June 2024, the district court denied preliminary approval of the settlement agreement to resolve the class action seeking equitable relief in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720-MKB-JAM).

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries have involved and may in the future involve or lead to regulatory enforcement actions and other administrative proceedings. These inquiries have also led to and may in the future lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences. Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

The Federal Reserve is authorized to establish reserve requirements for certain types of deposits and other liabilities of depository institutions. Effective March 26, 2020, the reserve requirement ratios were reduced to zero. At December 31, 2023, the balance outstanding at the Federal Reserve Bank was \$43.3 billion. This amount is included in Interest-earning deposits with banks on our Consolidated Balance Sheet.

FDIC Special Assessment

In November 2023, the FDIC finalized a rule to implement a special assessment, in connection with the systemic risk determination announced in March 2023, to recover the cost associated with protecting uninsured depositors following the closures of Silicon Valley Bank and Signature Bank. Under the rule, the FDIC will collect from PNC, along with other BHCs and insured depository institutions, special assessments at an annual rate of approximately 13.4 basis points of an institution's uninsured deposits reported as of December 31, 2022 (adjusted to exclude the first \$5 billion), over eight quarterly assessment periods, beginning after the first quarter of 2024. Because the losses to the Deposit Insurance Fund from the systemic risk exception are estimated, the FDIC will periodically adjust the estimate, which could result in extending the special assessment for additional quarters, imposing a final special assessment on a one-time basis if actual losses exceed the amounts collected, or cease collection early if the FDIC has collected enough to recover actual losses. Based on the rule, PNC incurred expense of \$515 million pre-tax, or \$407 million after-tax, during the fourth quarter of 2023, representing the total estimated cost of the assessment.

NOTE 20 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 20). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2023, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information

of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa[®], Mastercard[®], and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank, which, in turn, was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720- MKB-JO).

In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," i.e., requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeal's decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

The district court granted final approval of the settlement in December 2019. Several objectors appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. In March 2023, the court of appeals affirmed the district court's approval in all material respects. Later in March, certain objectors petitioned for rehearing in the court of appeals by either the panel that decided the appeal or the court en banc. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation

described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. In January 2024, Visa's stockholders approved amendments to its Certificate of Incorporation to institute a conversion and exchange offer program that will result in the conversion of Visa's Class B common stock to Class B-1 common stock and permit Visa to release transfer restrictions on a portion of the redenominated Class B common stock. In the initial potential exchange offer, a holder of Class B-1 common stock will have the ability to exchange some or all of its Class B-1 common stock for one-half of newly issued shares of Class B-2 common stock and one-half of newly issued shares of Class C common stock. Subject to certain restrictions, the Class C shares could then be sold on the open market, at which point they would be automatically converted into Visa's Class A common stock at the then-applicable conversion rate. Additional such exchanges taking place no less than one year apart may occur that permit a holder of Visa's redenominated Class B common stock to exchange up to half of its then held redenominated Class B common stock into Visa's Class C common stock. The exchanges are subject to the applicable stockholder agreeing to make-whole agreements that subject them to the same indemnity obligations to Visa as are currently present.

We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

USAA Patent Infringement Litigation

In September 2020, USAA filed a lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:20-cv-319)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "first Texas case"). USAA amended its complaint in December 2020. As amended, the complaint alleges that PNC's mobile remote deposit capture systems infringe four patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. PNC, in its answer, alleged that USAA infringed four of PNC's patents and that PNC seeks, among other things, a judgment that USAA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In March 2022, the court severed PNC's infringement allegations from the first Texas case and in June 2022 opened a new case (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:22-cv-193) (the "fourth Texas case")).

In December 2020, we filed a lawsuit (*PNC Bank, NA v. United Services Automobile Association* (Case No. 2:20-cv-1886) in the United States District Court for the Western District of Pennsylvania against USAA seeking declaratory judgment of non-infringement as to two of the patents at issue in the first Texas case and awarding PNC its fees and costs. In June 2021, the court stayed and administratively closed this case pending the court in the first Texas case ruling that the case should be transferred to the Western District of Pennsylvania. In September 2021, the court in the first Texas case denied PNC's motion to transfer the case to the Western District of Pennsylvania.

In March 2021, USAA filed a second lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-110)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "second Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems infringe an additional two patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. The first Texas case and the second Texas case were consolidated (together, the "first consolidated cases"). At trial, in May 2022, only four of the original six USAA patents raised in its complaints were asserted against PNC, including U.S. Patent No. 8,977,571 ('571). Following the jury trial in the first consolidated cases, the jury found against PNC for willful infringement of at least one of USAA's asserted patent claims and awarded approximately \$218 million. Subsequently, PNC filed post-trial motions for judgment as a matter of law and for a new trial, all of which the court denied. In April 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1778)) regarding the final judgment entered against PNC. Briefing for Case No. 23-1778 is now complete, and the parties are waiting for the appeal to be calendared.

In July 2021, USAA filed a third lawsuit (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 2:21-cv-246)) in the United States District Court for the Eastern District of Texas against PNC Bank for patent infringement (the "third Texas case"). The complaint alleges that PNC's mobile remote deposit capture systems, including its new versions, infringe three additional patents owned by USAA. USAA seeks, among other things, a judgment that PNC is infringing each of the patents, damages for willful infringement, and attorneys' fees. In June 2022, the court consolidated the fourth Texas case into the third Texas case (together, "the second consolidated cases"). At trial in September 2022, only two of the original three USAA patents were asserted against PNC, including U.S. Patent No. 10,769,598 ('598), and only two of the original four PNC patents were asserted against USAA. Following

the jury trial in the second consolidated cases, the jury found against PNC for infringement of at least one of the two asserted patents and awarded \$4.3 million, and determined that PNC did not willfully infringe the patents. The jury further found that USAA did not infringe any of PNC's asserted patents. Subsequently, USAA filed a motion for a new trial on damages, and, in April 2023, the court denied USAA's motion. In March 2023, PNC noticed an appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment entered against PNC and in April 2023, USAA noticed a cross-appeal to the U.S. Court of Appeals for the Federal Circuit regarding the final judgment. These appeals were consolidated as *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1639). Briefing for Case No. 23-1639 is now complete and the parties are waiting on the appeal to be calendared.

In August 2021, USAA filed a lawsuit (*United Services Automobile Association v. BBVA USA* (Case No. 2:21-cv-311)) in the United States District Court for the Eastern District of Texas against BBVA USA for patent infringement (the "BBVA USA Texas case"). The complaint alleges that BBVA USA's remote deposit capture systems infringe the same six USAA patents at issue in the first consolidated cases. USAA seeks, among other things, a judgment that BBVA USA is infringing each of the patents, damages for willful infringement, and attorneys' fees. In October 2021, BBVA USA was merged into PNC Bank. In June 2022, the court entered a stipulation proposed by the parties, stayed all deadlines, and administratively closed the matter.

In January 2022, the Patent Trial and Appeal Board granted institution of inter partes review ("IPR") with respect to petitions filed by PNC for three of the six patents then at issue in the first consolidated cases and in the BBVA USA Texas case. Because of USAA's case narrowing in the first consolidated cases, only one of these three patents being reviewed (U.S. Patent No. '571) was presented to the jury in the first consolidated cases. In January 2023, with respect to the three patents in which an IPR was instituted, the Patent Trial and Appeal Board entered its Final Written Decisions and found all of the challenged claims were unpatentable. With respect to U.S. Patent No. '571, in June 2023, USAA noticed an appeal to the U.S. Court of Appeals for the Federal Circuit challenging the Patent Trial and Appeal Board's Final Written Decision, which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2125). USAA, in May and June 2023, also appealed the Final Written Decisions invalidating the claims of the patents not presented to the jury which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 2023-2124) and *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-1920). Two of these appeals (Case Nos. 23-2124 and 23-2125) were consolidated. Briefing for Case No. 23-1920 is now complete and the parties are waiting on the appeal to be calendared.

In May and June 2022, the Patent Trial and Appeal Board granted institution of IPR with respect to petitions filed by PNC for two of the three patents then at issue in the third Texas case. Because of USAA's case narrowing in the third Texas case, only one of these two patents being reviewed (U.S. Patent No. '598) was presented to the jury in the third Texas case. With respect to U.S. Patent No. '598, in May 2023, the Patent Trial and Appeal Board entered its Final Written Decision holding most of the claims of this patent unpatentable and other claims were patentable. Both parties, in July 2023, appealed the Final Written Decision, with USAA appealing first (*United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2171) and PNC being the cross-appellant (*PNC Bank N.A. v. United Services Automobile Association* (Case No. 23-2172)). These appeals were consolidated. With respect to the other patent (which was not presented to the jury), the Patent Trial and Appeal Board entered its Final Written Decision in June 2023 and held all of the claims unpatentable. USAA, in August 2023, appealed from this decision which became *United Services Automobile Association v. PNC Bank N.A.* (Case No. 23-2244).

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries have involved and may in the future involve or lead to regulatory enforcement actions and other administrative proceedings. These inquiries have also led to and may in the future lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences. Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

meet initial margin requirements, and we pledged cash and debt securities (primarily agency mortgage-backed securities) totaling \$2.5 billion under these agreements to collateralize net derivative liabilities owed to counterparties and to meet initial margin requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities pledged to us by counterparties are not recognized on our balance sheet. Likewise, securities we have pledged to counterparties remain on our balance sheet.

Credit-Risk Contingent Features

Certain derivative agreements contain various credit-risk-related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The following table presents the aggregate fair value of derivative instruments with credit-risk-related contingent features, the associated collateral posted in the normal course of business and the maximum amount of collateral we would be required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2024 and December 31, 2023.

Table 78: Credit-Risk Contingent Features

In billions	June 30, 2024	December 31, 2023
Net derivative liabilities with credit-risk contingent features	\$ 4.8	\$ 4.2
Less: Collateral posted	1.3	1.0
Maximum additional amount of collateral exposure	\$ 3.5	\$ 3.2

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of reasonably possible losses or ranges of reasonably possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 13 as well as those matters disclosed in Note 20 Legal Proceedings in our 2023 Form 10-K (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2024, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$300 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 20 Legal Proceedings in our 2023 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the Disclosed Matters, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we would record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

In June 2024, the district court denied preliminary approval of the settlement agreement to resolve the class action seeking equitable relief in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720-MKB-JAM).

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries have involved and may in the future involve or lead to regulatory enforcement actions and other administrative proceedings. These inquiries have also led to and may in the future lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences. Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.
