AGENDA

- Shelter Reporting Ordinance (SO2024-0008386)
 - Ordinance background
 - Data points
 - Current trends
- Welcometo-chicago.org
 - Community Organization Database

Ordinance Goal :

This ordinance requires the Department of Family & Support Services (DFSS) to regularly report on New Arrival shelter exits to Alders and the public. These reports measure the impact of the 60-Day Shelter Policy, as well as the characteristics of those that have been and will be removed from shelters.

From these reports, we can better understand a new arrival's path from arrival to self sufficiency, and we can better identify problems that should be addressed by improvements to shelter operations.
